

# Size Guide

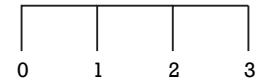

Find the proper size for your BRAYCE®

## Option 1: Cut out your measuring BRAYCE®

1. Print this page. Please note that the scale has to be at 100%!
2. Cut the measuring BRAYCE® along the line.
3. Put it around your wrist and measure your preferred bracelet length.  
For a comfortable fit please leave some space between your wrist and the bracelet!

**ATTENTION**  
Check the scale!  
This scale matches 3cm / 1,18"

## Option 2: Measure your wrist

1. Put a flexible measuring tape, cord, paper, watch etc. around your wrist.
2. Then measure its length with a ruler or measuring tape.  
For a comfortable fit please leave some space between your wrist and the measuring device!
